

Home Learning Resources and Schedule

The school will be closed from Monday, 23 March

Please be advised that it is expected that students will complete the following work while they are out of school. On the school website we have created a Resources page for you www.heronhallacademy.org.uk/learning-at-home We do not yet know the date at which students will return from this unexpected absence from school. Students will be completing tests upon their eventual arrival back at Heron Hall. This will mean that teachers will be able to assess the learning of students while they have been away and look at the gaps that will need filling in order to ensure progress is made.

Year 7 & 8
